VOLUME NUMBER 80.

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, MARCH 27, 1941.

EIGHT PAGES TODAY

NUMBER 50.

In these days when we see and hear nothing but subsidy; industrial centers seething with Communism, strikes and loud clamor everywhere for special advantage; with the spirit of getting something for nothing almost a major ideal in revamped America, the exception is so unusual we give you today Mr. and Mrs. W. R. Terrell who live on a farm near Clarksville. They didn't ask for a five day week nor a six hour day. They went to work as God Almighty intended that every human being should do. In 1934 they were broke. Now they live in a good home, own a 1940 automobile, six head of fine work stock, 30 head of cattle and a vast flock of chickens. In 1934 they lost everything and in addition suffered an expensive accident when their car was burned. They didn't ask for relief but looked up into the sky and down upon the rich earth beneath their feet. They arranged with a loan company to purchase 150 acres of land which they had formerly rented. In the transaction they had to assume a \$500 debt in back taxes. Now they live in a modern five room home with all the facilities of the City. They built a \$500 barn and owe for nothing except the land note which will be retired in four years. The Terrells give the credit to their herd of dairy cows and to 70 hens that provided their cash income. They raised cotton too. They got nine bales from 12 acres because they worked the land and didn't ride to town every day to see about a government check. They terraced their land and they tilled their soil and were happy while doing it. Their cows and chickens paid all current expenses and left a profit besides. Right now they have 300 bales of hay and 500 bushels of corn as surplus not needed to feed their animals. Last year they sold \$426.62 in milk and butter from an average of 8 cows and marketed 1,117 dozen eggs at an average price of 20c per dozen which brought them \$223.38. Feed bills cost them \$250 and they had a net profit of \$400. Political farming is not in the picture with this successful East Texas couple. On their side is the best argument ever made against Communism. Of such people came America and with such people is the destiny of America.

Those of us who remember twenty-four years ago can have but one opinion about present day developments and where they are leading. It is war. The process to awaken a Democracy is unmistakable. Whatever you may believe or I may think, matters not a bit. We should face the facts and be ready. When a nation goes to war in modern times it means mobilization of all human effort, for military, for production and social service. This brings me to what I really wanted to say. It is not a pleasure to talk about war and the loss of lives it will entail, but a brave people never fall back from duty. The American Red Cross is now making a serious effort to do the job that has been assigned to it. The local chapter is as much a part of the Red Cross as any other phase of this organization in whatever locality it may be operating. A few patriotic men and women have born the burden of Red Cross work to date. Now the call is issued, the plea is made. Garments that mean protection for little children, aged people and others who have been blasted from their homes by that terror of the skies which man's mad ingenuity has brought to perfection, are necessary. Cold and hungry they walk the streets and the roads of many countries plagued by war. They are in our own country; yea, in our own community, not victims of war but victims of circumstance and social injustice. Would you deny a warm garment to baby who is cold tonight anywhere in the World? I will answer that for you. You would not. The American Red Cross is the greatest mother in the world. She needs you now. Volunteer today to sew garments that Cameron may complete its quota and thereby live up to the traditions of the Red Cross, the record of which has never been equaled by any organization since time began for unselfish and effective devotion to the needs of humanity, whether bleed-

### NEW TRUCK LOAD BILL PROVISIONS OUTLINED

For the information of truck operators the Herald has received an outline of the provisions of the bill recently enacted by the Legislature raising the limit to 38,000 pounds.

Grady Little, distributor of Pearl Beer, has received from the San Antonio Brewing Association an outline of the bill.

By reason of the majority received in both the House and Senate the bill went into effect immediately when signed by the Governor.

The bill provides a maximum gross weight of 38,000 pounds which means that the truck and the cargo can not exceed that weight. The bill provides regulation for hours for drivers.

This provision however applies only to regular truck lines who hold a permit from the Railroad Commission.

Distributors who own their own trucks are not affected.

An important provision in the bill is that only highway motor patrolmen, state weight inspectors, sheriffs and their deputies are authorized to weigh or inspect trucks and to make arrests for overloading.

Forbidden to arrest anyone for an overload are Justices of the Peace, Constables and deputy Constables.

The bill provides a formula described as scientific, having to do with the tread of tires, front and rear, and allows 600 pounds per inch. Not more than 16,000 pounds can be placed on any one axle.

A registration fee bill will be passed. If you register a truck for 30,000 pounds gross and the rate is 80 cents per 100 pounds, the license will cost you \$240. This is regarded as reasonable and not prohibitive by truck operators.

### L. A. Woods Will Dedicate School at Ben Arnold April 7

Dr. L. A. Woods, State Superintendent of Public Instruction, will be the principal speaker at the dedication of the Ben Arnold School on Monday night, April 7. Others to take part on the program are:

Tolbert Patterson, Deputy State Superintendent; Superintendent S. C. Miles of Rockdale Schools; Walter Cooke, Jr., architect of Waco; and a representative of the NYA.

The Yoe High School band composed of 65 pieces, under the direction of Francis Cox, will present a forty minute concert prior to the program. Also the NYA band of Waco will give a short concert.

The old school building was torn down and rebuilt by Milam County NYA boys under the supervision of J. A. Kyle of Rockdale.

### Progress Is Made On Air Field Here Says Mr. Paden

Delay in locating an approved site for the air field in Cameron is due to usual complications in finding land without entanglement and in suitable locations.

Manager Paden of the Chamber of Commerce made a trip to Austin Wednesday in connection with the air field, and other members of the Committee, of which P. W. Davis is chairman, are doing a great deal of work.

It is believed that Cameron has an excellent chance to obtain this air field and the Committee from the Chamber of Commerce is leaving nothing undone to satisfy the demands of the government and the corporation to operate the field.

The citizens are sufficiently interested to be asking questions and the Committee would like very much to take the people into their confidence but due to the nature of this work at this minute nothing official can be said and no details can be given.

### SONG SERVICES

There will be an old time song service at the Lilac Baptist church Saturday night March 27th and everyone is cordially invited to attend.

### 12 Men Involved in Induction Orders From Local Board

The following men are to be inducted for military service through the Local Board on April 3rd.

William Bradley Burnett, Jr., William Gerald Mode, Joe Jerry Koslosky, Winfred Ray Russell, volunteers, and Raymond Rufus Miller, transferred for induction.

The following men have been ordered to report for induction on April 3rd as replacements for men who have failed to pass physical examination on previous inductions:

Woodrow Wilson Gibson, Theodore Contreras Cruz, Estanislao Sanchez.

The following men have been transferred for induction to other boards:

Adan Cruz, Tobert Rackley, Henry Alex Baker.

Under the draft law men residing at given distances from the community in which they resided may be transferred to the jurisdiction of the board where they now live.

Next in order for call are the following men:

Seth Thomas Wiese, Emil Anton Zalesky, Herbert Fred Reddehase and Albert Helt.

It was explained here today that the above men are not ordered for induction April 3rd but in the event there are failures over physical examinations among those to be inducted, they are to hold themselves in readiness. Their order numbers are next in order to those who are ordered to report April 3rd.

Under present plans the War Department will call out 150,000 men each month and the total for the year is placed at a minimum of 1,500,000 men.

### Ben Arnold Wins Championship

In the County Meet the Ben Arnold school scored the highest number of points among rural schools and has won the county championship. The points scored totaled 97 1-2. The school scored in the following events:

Boys Senior Declamation—2nd place with Grady Coker; Girls Senior Declamation—2nd place with Leila Mae Murff; Ready Writing, 1st place with Bessie Mae Sweet; Spelling for Fourth and Fifth Grades—Joyce and Doris Miller, tied for second place; Spelling for 8th Grade and above—First place with Leila Mae Murff and Bessie Mae Sweet; Extemporaneous Speaking—Third place with Leila Mae Murff; Choral Singing—First Place; Junior Girls Playground Ball—Second Place; Boys Senior Track—First Place.

### Little Daily Now Goes to 5 Towns In Milam County

Two more communities have been added to the distribution list of the Cameron Daily Herald. They are Burlington and Ben Arnold.

All five communities outside the City limits are now receiving the Midget each day.

Citizens in these communities have subscribed necessary funds to pay for postage and mailing. The Little Daily is now finding a wide daily distribution over Milam County.

When the paper was first issued the publishers did not take into consideration distributing the paper outside the City.

In order to keep the number of copies within the budget it may be necessary to discontinue some distribution centers in the City. Advertising patronage for the Little Daily will always determine the number of copies printed.

The public has been complaining during the last few days because of a shortage of papers. These have been mailed to those Communities who pay for them.

If merchants in Cameron desire a larger number they should make arrangements to carry advertising in the Little Daily so that the expense of increased circulation would be taken care of.

John P. Wimberley of Briary transacted business in Cameron Wednesday.

### FALLS COUNTY MEET WILL BE HELD HERE

The Interscholastic League for Falls County will convene in Cameron on Friday, March 28 and 29.

The meet has been transferred to Cameron because of muddy field in Rosbud where the meet was scheduled to be held.

The Rosebud school and all other Falls County schools will be in Cameron for two days, Friday and Saturday, for the meet.

Announcement of the Meet was received early Thursday morning from Superintendent Jones at Rosebud.

### Man Is Held for Livestock Thefts

Oscar Jones of Pleasant Hill near Thorndale is in the Milam County jail on charges of having stolen a cow and a horse. He was arrested by Connie Lawson, Constable at Thorndale.

Jones was attempting to sell the cow in Lexington. The horse had already been sold. The livestock was stolen from Rufus Terry near Thorndale.

Jones was released from the State prison on January 30th. He had served a sentence from Grayson County on conviction of conversion by bailor (whatever that is.) He also was sentenced to prison for forgery from Coryell County.

According to Criminal District Attorney Morrison, Jones is now wanted in Lee County for horse stealing and officers from that County will take him there and place him in jail where he will await action of the Grand Jury in April.

### Open House at CCC Camp Sunday

Open house at the CCC camp near Bartlett will be held Sunday afternoon, the Herald learned shortly after noon from Mrs. Mary Green.

Enlisted men in the camp are taken from Milam, Bell and Williamson counties.

Citizens in Cameron are requested to attend this open house on Sunday afternoon.

The men are employed on conservation work and are now working in Milam County. There is a possibility that this camp may be moved to Milam County when its present lease expires.

The camp does not remain in one place more than five years.

Citizens in Cameron will be interested in this Open House because there are a number of Milam County boys in this camp.

### "Buffalo" Kennon Is Seriously Ill

Bennie Lee (Buffalo) Kennon, friend and daily visitor at the Daily Herald plant and son of Mr. and Mrs. Ben Kennon is critically ill at his home.

The Herald force is deeply grieved over Buffalo's condition and his many friends throughout the business section are equally concerned for his recovery.

Buffalo was suffering with high fever resulting from tonsillitis and complications.

Recently Buffalo had his photo made with a kitten, mascot at the City Cafe, and will present it to the Herald. Buffalo has a predilection for doctor's kits but can not resist eating all the candy pills at one time. He may grow up to be a great physician. He is 3 years old.

### FINED AT BUCKHOLTS

Jessie Eaton was arrested by Sheriff Valter T. White in a pasture near his home Sunday near Buckholts.

Charges were filed in Justice Criswell's Court against Eaton for striking his wife. The charges were filed by Constable E. Horstmann to which Eaton entered a plea of guilt and was fined.

### EPISCOPAL CHURCH

Sunday, March 30th, Morning Prayer and Sermon at 9 o'clock. Lenten Services Tuesdays at 5:30 p. m. and Fridays at 10 a. m.

### Skilled Workmen in Cameron Urged to Register at Once

Register now with the local office of the Texas State employment service, R. C. Moody, local manager, urges skilled workers in Cameron who wish to make themselves available for national defense jobs.

Mr. Moody makes it clear that persons who register may not immediately find jobs waiting for them. He explains that a nation wide registration of available workers is being conducted as a part of the national defense program and that by April 15 the nation expects to complete an inventory of its available manpower in vital skilled trades.

The appeal is for workers in Cameron who are unemployed and capable of holding jobs and also for all persons who have had experience in trades but are not at present using the skill of their trades, especially in aircraft manufacturing, shipbuilding and in machine shops and machine manufacturing.

The registration will also bring to the attention of the employment service men and women who may be available for training in one of the vocational training programs which are being set up to prepare people for jobs in national defense industries.

There is no charge for this registration, Moody says, and it puts workers in line for consideration when a suitable job opens up in Texas or in other states.

### Dates Are Set For Cooking School Here

Dates have been fixed for Cooking School to be sponsored by the Band Parents Association.

The school, will be held on April 30th and May 1 and 2. The Community Natural Gas Company building will be used. J. R. Bush, manager, has secured the services of a lecturer from his company who is widely known throughout the country.

Band Parents are making plans for a record school. The committee has already outlined the program and is now making arrangements.

Proceeds from the school and program will remain 100 per cent in the local community with the Band Parents Association getting the money which is put to good use for the band.

From time to time progress on the school will be reported.

### ROY SEATON MAY NOT SURVIVE ATTACK

Roy Seaton is in a local hospital in a critical condition from knife wounds inflicted around 10:45 p. m. Saturday on the roadway a short distance from Bartek's Place at the western edge of the city.

Robert Halpain was placed under arrest by Constable Pete Harwell who chanced along the highway.

According to officers Halpain and Seaton left the beer parlor now operated by Red Anderson, a short time before the fight occurred and there was no indication of any bad feeling between them. They are thought to have been drinking.

Constable Harwell found Halpain on top of Seaton stabbing and cutting him with a knife.

Taken to a local hospital Seaton was found to be in a critical condition and Doctor Clifford Swift who was summoned to the hospital made a total of 135 stitches to sew up Seaton's wounds. His wounds are said to have been most severe around the throat, the face and the body, including several slashes across the abdomen.

No formal charges had been filed against Halpain up to noon Monday. Officers said the nature of the charge would depend on the outcome of Seaton's injuries. If he survives the charges will be assault with intent to murder and murder charges will be filed if he does not survive.

His condition was said to be hopeful shortly afternoon Monday.

C. R. Travis of Cause was a business visitor in Cameron Wednesday.

Ray Wiese of Austin spent Sunday afternoon in Cameron with friends and relatives.

### U. S. TELLS SLAVS AID WILL BE GIVEN

Yugoslavia was an independent nation again today as King Peter took over his throne and decreed abrogation of the pact signed with the Axis.

The effect in Berlin was said to be one of consternation and the Nazi replied that Yugoslavia would keep the pact if Germany has to resort to force of arms.

At 2:30 a. m. Thursday Yugoslavian time, Foreign Minister Aleksander Cincar-Markovic and Premier Dragisa Cvetkovic were both arrested as they slept in their beds. They had signed the Axis alliance in Vienna.

King Peter who was not due to take his throne until he became 18 has evidently been forced by the reaction among the people of his country to take these steps.

When the news was flashed that the Axis pact had been repudiated and a new government formed President Roosevelt through the State Department in Washington notified King Peter that Yugoslavia would be given every assistance possible under the Lend Lease Bill.

In neutral diplomatic quarters all over the world this move by President Roosevelt was said to be the most drastic diplomatic step ever taken by the United States under similar circumstances.

It was also regarded as a direct challenge to Adolf Hitler and American participation in the diplomatic war in the Balkans.

The Yugoslavian army of more than one million men was fully mobilized and ready for action.

In Greece when the word came that Yugoslavia had moved to nullify the pact with Germany there were demonstrations of joy throughout the kingdom.

From Vichy it was announced that Soviet Russia had notified Germany that if Yugoslavia is attacked that Russia will have to re-examine her existing treaties with Germany.

This was taken to indicate that Russia may go to war if Germany carries out the threat this morning to take Yugoslavia by force of arms.

Great Britain threw its influence behind the new government in Yugoslavia and pledged full military aid to resist the Axis.

Adolf Hitler in Berlin who dictated the Axis alliance with Yugoslavia for the benefit of Foreign Minister Matsushita of Japan who is now in Berlin, was said to be in a frenzy of anger.

The action of the Yugoslavian people was received in America with wide acclaim and Under-Secretary of State, Sumner Welles, told the Yugoslavian ambassador in Washington that people everywhere who believe in liberty and freedom are saluting the Yugoslavian nation.

From Berlin an official statement was that if the United States makes any move to bring the waters around Iceland into Hemisphere protection, Germany will go to war with the United States.

The action of Yugoslavia may change the entire Balkan allied lineup. While it was certain to precipitate a war with Germany, Turkey, Britain, Russia and Yugoslavia and Greece may all be fighting within a matter of hours.

### Scouts to Gather Old Auto Plates For Great Britain

Boy Scouts will collect old license plates from automobiles and trucks beginning March 29, it was announced here Monday by Charles Rutledge, Scout Executive for Central Texas.

Car owners who register their cars are requested to leave their old plates at filling stations and garages where Boy Scouts will pick them up and bring them to concentration centers for shipment to Great Britain.

Local Boy Scouts were said to be eager to co-operate and to have a part in the aid to Britain program. This tin is used for manufacturing war munitions and other articles necessary for the prosecution of the war.

H. V. Harlan of Branchville was among the business visitors in Cameron Monday.

## MARKHAM-STURGES

James W. Markham and Miss Myrtle Sturges, daughter of Mr. and Mrs. Samuel Floyd Sturges of Center Point were married at 10:30 a. m. March 14, in a quiet ceremony at the University Presbyterian church in Austin. Rev. Conway T. Wharton, pastor, conducted the ceremony in the presence of relatives and close friends.

Miss Lucille Dickard, former member of the Yoe High School faculty, was at the organ playing the Lohengrin processional for the entrance of the bridal pair, and Mendelson's wedding march as the couple left the church.

The bride wore a costume suit of navy, accented by white gloves and a corsage of white split carnations.

Mr. Markham, son of W. W. Markham, is a graduate of Yoe High School and received the bachelor of journalism degree and master or arts degree from the University of Texas. Mrs. Markham received her B. A. degree from Southwest Texas Teacher's College in 1938. She has been a student of Texas University for the past two summers.

Mr. and Mrs. Markham are at home at 1804 Linscomb Avenue, Austin.

Charles C. Simicek, Jr., of Cameron who enlisted at the local recruiting station, left Monday for Honolulu, Hawaii, where he will be with the 3rd Engineers.

C. W. Hudson of Bryant Station transacted business in Cameron Friday.

## Charles Allday is Recommended for Local Board Member

Charles E. Allday, local commander of the Veterans of Foreign Wars, has accepted recommendation for appointment as a member of Local Board Number 2 under the Selective Service Act.

Mr. Allday was recommended by a Committee from the Chamber of Commerce of which Emory B. Camp was chairman and the Selective Service headquarters has been notified of Mr. Allday's intention to serve on the Board.

In business Mr. Allday is associated with the McLane Company, wholesale grocers. His selection was regarded locally as desirable because of his wide acquaintance and qualifications.

As commander of the Veterans of Foreign Wars, Mr. Allday has given that organization, along with his fellows, a place of influence among former service men.

Generally Mr. Allday's appointment will meet with the approval of former service men as well as other civic organizations in the Community.

Mr. Allday succeeds P. W. Davis on the Board. When the Board was organized in 1940, Mr. Davis was named chairman. Following his resignation J. B. White was elected chairman in order to carry on the business of the Board.

Lee R. Clore is the other member of the Board. The next meeting of the Board will be held on April 5th, at which time it is expected that Mr. Allday will be present as the third member.

## WITH THE BAPTISTS

Last Sunday was another high day in the work of the church. 309 were present at the Sunday School hour. Crowds attended the preaching services were unusually large. It is a glory to God anytime a man unites with the church where a man is living and working. We should have many more to do this each Sunday. It is those that we do not reach that pain our hearts, even though so many are in earnest about the Christian cause.

The church made it possible for the pastor, P. S. Graves, Carl Cain, Dave Whitley, Grady Cooper and F. J. Beckerman to attend the State Brotherhood Convention in Dallas March 18th. It was a hard trip but spiritually it was worth many times more than the trial of getting there and back. We had a program in which spiritual giants spoke great testimonies of their faith here and understanding of God's will. It is the pastor's heart desire and prayer to God that this meeting will bring about a Brotherhood organization in our church.

We had six in attendance upon our church.

We had six in attendance from our District Convention at Calvert, last Thursday. The pastor on a "Cry From Hell for Soul Winning." New inspiration was gathered for more future zeal in our work by those in attendance.

The Training Union met in its

monthly business session Monday night and 68 awards were given for the course studied March 10-14.

Plans are under way for our Easter Revival which will begin April 6 and continue through 13. In this season of the year our responsibility as a church is for each to magnify the church and to enthrone the Lord and to reach the unsaved and in this be zealous preaching and living the gospel that will reach the Christian who might draw all men unto Him. Baptists invitation is "Come, Rejoice and Labor with us in every Divine endeavor."

Sunday School 9:45 next Sunday. Hear Christ's command, his commission, his personal order for us to go into all the world that will save human life from the sin of murder, the sin of hate, the sin of contempt and the sin of indifference.

11:00 o'clock Sermon "A High Priest plus a Low Devil" John 18:30. Training Union 6:21. Can you afford to miss Training? Dives was in Hell before he became missionary minded. Are you missionary minded? Attend our Training Union Sunday night.

7:30 Sermon "The Talk of the Town."

Court Ask  
Stamp  
Deal

Milam County's Food Stamp Deal became a reality today when the Commissioners' Court made formal application to the Federal Government.

The Stamp Deal will be put into operation as quickly as possible.

In brief the system permits the issuance of stamps to those who receive pension checks, WPA labor checks and all those on direct relief. These stamps are taken to grocery stores to purchase food.

The system does away with relief and permits the local merchants in the County to sell the merchandise and make a profit thereon. In some cases additional stamps are given over and above the actual amount of the government check. In this way a wider margin of benefit is assured.

The plan has been supported by grocery merchants and others who found the Commissioners' Court sympathetic and ready to do everything possible to co-operate in this program.

LUTHER EDMUNDS TAKEN  
TO HOME OF HIS SON

Luther Edmunds who has been mentally ill and whose condition was reviewed last week by the court is not in County jail as was reported in the Herald but instead is in the home of his son, A. C. Edmunds at Marlow.

Friends will be glad to know that Mr. Edmunds has been taken to the home of relatives and this correction is gladly made.

Mrs. T. C. Whites was taken to the Scott and White hospital in Temple Wednesday. Mrs. White who has been seriously ill for some time will shortly undergo a major operation at the hospital. Her friends in Cameron wish her a speedy recovery. Miss Vivian Whites, her daughter, is staying at her bedside.

City Marshal Gets  
Watch Thief; Makes  
Total of Six for Day

Six theft cases in one day is the record of Gene Smith, City Marshal who reported shortly after noon Friday that he had just arrested Fred Phillips, watch thief.

Phillips had a number of watches and was attempting to sell them in Santa Fe town. He was arrested as he purchased a ticket to Houston. The watches were stolen from a merchant in Waco.

Earlier in the day Marshal Smith obtained a confession from Fred Woods, negro, which cleared up 5 robberies.

Besides this big day of successful combat of crime, Gene is celebrating his birthday. Any officer who

clears up five robberies and arrests a thief all in the same day deserves much.

Flowers for the Living Club should send him a big bouquet for his birthday and for the good work he has done this day.

Earl Angell of Hoyte transacted business in Cameron Thursday.

Miss Johanie Mae Hays and a friend, Miss Faye Rogers of Mart, who are both students of Baylor University, Waco, spent the week end in the home of Mr. and Mrs. J. R. Hays.

M. E. Mitcham of Bryant Station was a visitor in Cameron Wednesday.

Joe O'Neill visited his family in Burlington Saturday.

(continued from page 1)

ing on a field of battle, torn by disaster or found in the toils of economic despair.

A special committee from the Chamber of Commerce which includes W. F. Paden, manager, now at work to bring a military airport to Cameron, deserves the thanks of the entire city. These men are working as a real Chamber of Commerce should work. They are sacrificing their time for the good of the City and nothing short of that will get the job done. There has been much criticism in times past of the Chamber of Commerce because it lacked a program and accomplished very little. Now it seems the organization is hitting its stride and may be expected to do many worthwhile things during the year. Citizens are asking many questions about the proposed air field. Time will be required to make all arrangements looking to its location here. A special act of the Legislature may be necessary to give the city right to acquire property outside the limits. This will be an easy matter. Some finances are being raised to pay for options on sites and although nothing definite has been announced it is known that the Committee has been working almost day and night to line up suitable property on which the airport can be established. These airports are being established throughout the Country. They are to the larger air field what the junior college is to the university. Due to the vital need for trained aviators the speed up is being undertaken by preliminary training centers throughout the Country. The proposed field

## Vegetable Laxative Has Important Points

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an *all-vegetable* product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables BLACK-DRAUGHT to help *tone* lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

in Cameron is such a field and will draw recruits from army camps and from civilian life. Its economic value is chiefly to be considered on the basis of future need for an air field in Cameron. Its immediate objective will serve a desirable and much needed economic purpose because it would bring to Cameron around a million dollars a year besides some 75 families would be necessary to maintain the mechanical and general setup at such a field. Late news indicates that the Chamber of Commerce committee is making rapid progress and within a few days something definite will be announced. In the meantime we should be thinking more and more of co-operating with the Chamber of Commerce to the end that every business man in town can find a place of service to his Community.

The American Red Cross is now engaged in one of the most vital programs since World War Number One.

The local chapter has undertaken the manufacture of garments for the War Relief Program and it has come to the attention of the Herald that co-operation in Cameron is falling short of that necessary to complete the quota.

In the cutting room over the Blue Bonnet Cafe literally hundreds of garments are ready and waiting for some one who will volunteer to sew them. Those directing the garment program say there is no shortage of knitters or cutters but there is a serious shortage of those who should volunteer for sewing these garments.

In an effort to expedite the work the Herald is making this appeal to the women of Cameron. Please get in touch with Mrs. G. A. McDermott at once and volunteer your services for this necessary and noble work.

During World War Number One many of the most prominent women of Cameron were seen daily in the work rooms of the American Red Cross doing their bit for relief and for American soldiers in the front lines.

The work now is as vitally necessary as it was twenty-one years ago because much of the world has been over run and suffering among civilian populations is said to be the most severe in the history of humanity.

This is a work which men are not equipped to do. It is a job for women and they have never failed the nation when their services were needed.

Unless there are more to enter

this work the making of these garments will be greatly curtailed and in that way Cameron will have failed to do its full duty for the Red Cross. Let it be said that Cameron has never failed and will not do so now, once the emergency is brought to their attention.

It requires an average of 91¢ of every customer's monthly gas bill to pay the 55 different kinds of taxes assessed against Lone Star Gas System. To meet this responsibility, 15 cents of every dollar collected for service rendered our customers goes to the payment of your gas company's taxes.

During 1940 the tax bill of Lone Star Gas System amounted to \$378.00 for every hour the clock struck, day and night . . . or \$8,956.15 for each of the three hundred and sixty-five days of the year. This means that an amount equal to our entire net revenue for 183 days of the year went right back to the public in the form of taxes for School, City, County, State and Federal purposes. This does not include such additional taxes as state and federal gasoline taxes and other "hidden" taxes in the cost of supplies we must buy to keep your gas service dependable. Nor does it include the thousands of additional dollars that go to tax funds from the wages of more than 3,600 Lone Star Gas System employees who pay individual taxes in the communities where they reside.

Pioneers in the development of natural gas for more than three decades, Lone Star Gas System brings to homes and industries a dependable gas service recognized as one of the world's finest and at a low cost to its customers. Year after year it has been a large taxpayer helping to provide civic advantages for the public it serves as well as to lighten the tax burden of every citizen and business.

## FRENCH FLEET GOES TO NAZI GERMANY

The war was entering a critical A newscast Saturday afternoon major developments.

Secrecy was the shroud that gave a somber hue to the world outlook. A newscast afternoon Saturday stated that the United States navy has already gone in to action in the Atlantic. This could not be confirmed. It is known that several units of the fleet are now in the Far East.

A report from Vichy said that the French Navy will shortly be turned over to the Germans and that already six units of the French fleet are operating with German commerce raiders on the Atlantic.

An unconfirmed report also reached the Daily Herald that Great Britain and the United States have moved to intervene in Yugoslavia where the Serbs and other peasant populations are preparing to resist the proposed alliance with the Axis.

The Germans reported officially today that 229,000 tons of British shipping have been sunk within the last 26 hours. If true this is the largest toll of any day since the war began.

The Germans say this tonnage was sunk out of convoys. The Germans also have said that the first shipment of war materials to Great Britain from the United States under the Lend-Lease Bill has been sent to the bottom of the ocean.

President Roosevelt is in Southern waters fishing.

A bombardment from the air, the severity of which exceeds that of Coventry, has been carried out by German bombing planes over Plymouth, England.

Shortly afternoon today it was announced that thousands of people are homeless and wandering through the ruins of this Great British sea base where American supplies were expected to be landed.

The bombardment was so intense that fire brigades could not successfully operate. The Germans came over in waves and dropped incendiary bombs, then followed with explosives and Stuka planes came squads worked to take from its ruins down to blast the city while rescue literally thousands of people who have perished.

It was the beginning of an all out attack on England. The invasion may be attempted any time.

Soviet Russia was reported to be negotiating with Turkey for a non aggression pact. This was believed to mean that Turkey may have decided upon a way out of the alliance with Britain.

Mr. and Mrs. E. R. Burnett of Clarkson visited in Cameron Friday.

## Organization to Ask For Pay for Draft Boards is Scorred

It has come to the attention of State Selective Service Headquarters according to General J. Watt Page, State Director, that Selective Service boards throughout the nation are being solicited to join an organization whose professed purpose is to secure compensation for the members of such boards.

Director Page said that he had just received a letter from Local Board No. 7, Dallas County, Texas, signed by the entire membership of that Board, which states in part:

"The members of Local Board No. 7, Dallas County, Texas, all, definitely, specified that they would accept the duties of Board members only of done on a purely patriotic basis and with no pay, and we would, therefore, not be interested in the forming of an organization to secure compensation for our services."

"This letter fairly bristles with typical Texas patriotism, and I believe expresses the view of every board and field agency of the Selective Service System in this State with regard to such obviously conceived scheme," the Directors said.

Billy Triggs of Denton spent the week end in the home of his parents, Mr. and Mrs. A. J. Triggs.

Meade Miller of Temple was a Cameron visitor Thursday.

Earl Johnson, Cameron architect, has been given the contract for a community building in Belton. The building is being sponsored by the Chamber of Commerce in Belton. Mr. Johnson also has under construction a new school building in Thorndale.

## Track Meet Pictures Are Shown Here

Moving Pictures which were made at the high school and were shown to on March 8, have been received at annual Track Meet held in Cameron by Jimmy Coleman of the Ninth Angroups of students this week.

Each year pictures are made of the leading events and last year Charles M. Hicks, director of the meet, went to Rockdale and Taylor schools and showed them the moving pictures made at the Eighth Annual Meet which were favorably received by the students.

These pictures have created such interest that the Austin High School has written Mr. Hicks and invited him to the school to show them the meets for both 1940 and 1941.

J. W. Wilkerson of Minerva was a Cameron visitor Friday.

A. B. Dunn of Sharp was a business visitor in Cameron Friday.

## MORE COTTON GROWERS "BETTING ON CERESAN" FOR BETTER STANDS HIGHER YIELDS

Last year's yield increases—last year's high praise by State Colleges—mean more acres planted to CERESAN-treated cotton seed this season! Be among the growers to profit! Texas Bulletin 531 says, "For College Station the average increase in yield for Ceresan-treated seed was 64 pounds of lint per acre . . ." Temple, Texas, tells of "doubled" germination. Oklahoma A. & M. Experiment Station Circular 89 says, "Dusting the seed with Ceresan is in more general use than any other cotton seed treatment . . ." CERESAN costs little; reduces seed rotting and sore-shin; generally improves stands and yields. Treat your own seed, or look for the Ceresan Treatment Tag on seed you buy!

Mr. and Mrs. Ernest Dakel of Temple visited in the home of his parents, Mr. and Mrs. Henry Dakel Thursday evening.

## GERMAN NAVAL CRAFT 1500 MILES OFF N. Y.

Yugoslavia became the fifth Balkan country to capitulate to Germany as envoys at Belgrade prepared to go to Berlin on Sunday to sign with the Axis.

The signature of Yugoslavia on the pact was believed to be arranged to impress the Japanese Foreign Minister who is now on his way to Berlin.

Three members of the Yugoslavian cabinet resigned. Internal trouble was forecast. Terms of the pact are said to expressly retain Yugoslavian territorial integrity. German troops were to be denied passage through to attack Greece.

Nothing was expected to save Yugoslavia, born out of the treaty of Versailles and created by the British were saying nothing.

The situation in the Balkans is said to be tense and somewhat mysterious. Why Germany has not attacked may be explained by lapsed time for preparation. The British are reported getting large quantities of war equipment in Greece and thousands of soldiers.

Turkey was believed ready to join the war on Britain's side and has so informed Germany, if Hitler attacks Greece.

Italian soldiers are said to be deserting in large numbers into Yugoslavia and are being interned for the war. There was evidence Italian strength was crumbling although fighting had almost ceased in Albania Friday.

Two German battleships were reported 1500 miles off New York in preparation for attacks on British convoys. The Germans claim that the first ship load of supplies sent under the lend lease bill, has been sunk.

England was suffering the worst bombings since last December. Thousands were being slain by German aviators and property damage was said to be at a staggering toll. Weather conditions were said to be holding the RAF close to the ground in Britain.

## 174 MEN REGISTER

During the recent registration period for ex-service men under the national defense act a total of 174 signed questionnaires, it was announced here today by E. W. Streetman, Post Commander.

Mr. and Mrs. Delmon Hayes of Temple visited their parents in Cameron Thursday evening.

John P. O'Neill of Burlington transacted business in Cameron Saturday.

## Canvas Bag May Link Negro With Other Robberies

Fred Woods, negro, who Thursday confessed that he had twice robbed the Mondrik grocery in Santa Fe Town appeared to be still further involved in the toils of the law.

City Marshal Gene Smith, reported to the Daily Herald early Friday morning that he had found a canvas bag which was identified as missing from the New Cameron Drug Company.

The sack is a small coin bag and when found contained six pennies.

The New Cameron Drug Company has been robbed twice within recent weeks.

The negro in the confession Thursday, said he had robbed the Mondrik Grocery and on February 10 took \$25 in cash from the register.

In the confession the negro said he had used a screw driver to remove putty from a window at the Mondrik Grocery and this screw driver was also found by City Marshal Smith.

Both the screw driver and the canvas bag were found hidden in the ceiling of Woods' home in West Cameron.

City Marshal Smith believes that Woods is responsible for a number of robberies committed in Cameron during recent weeks and the negro will be given an opportunity to explain the finding of the canvas bag and the screw driver at his home, sometime during the day when he is taken before the Criminal District Attorney.

John Thweatt of Maysfield was a visitor in Cameron Thursday.

Rufe Wilson of San Grove was a Cameron visitor Thursday.

# A REPORT to America

The Ford Motor Company's business has always been to serve the needs of the American people. In providing them with low-cost transportation for the past 38 years, we have developed one of the country's largest and most useful industrial units. During a national emergency, we feel that these facilities should be devoted without reserve to our country's needs. Toward that end we started rolling months ago, with these results:

1 A \$21,000,000 Ford airplane engine factory, started only 6 months ago, is nearly completed. Production will start with an initial order for 4,236 eighteen cylinder, air-cooled, double-row, radial engines.

2 We are building a new \$800,000 Ford magnesium alloy foundry, one of the few in the country. It is already producing lightweight airplane engine castings.

3 Army reconnaissance cars—military vehicles of an entirely new type—are rolling off special Ford assembly lines at the rate of more than 600 a month. We have produced Army staff cars and bomber service trucks.

4 The government has given the "go-ahead" and work is now under way for the fast construction of an \$11,000,000 Ford plant to produce bomber airframe assemblies by mass production methods.

5 Several months ago work was started, on our own initiative, on an entirely new 1500 horsepower airplane engine especially designed for mass production. This engine is now in the test stage and plans are being developed for producing it in large quantities when and if needed.

6 A Ford aircraft apprentice school has been established, to train 2000 students at a time.

That is a report of progress to date.

The experience and facilities of this company can be used to do much of the job which America now needs to get done in a hurry.

Our way of working, which avoids all possible red tape, enables us to get results and get them fast. This benefits users of our products and workers who produce them.

We are ready to make anything we know how to make, to make it to the limit of our capacity if need be, to make it as fast as we can go, and to start the next job whenever our country asks us to. And to this end, we know we have the full

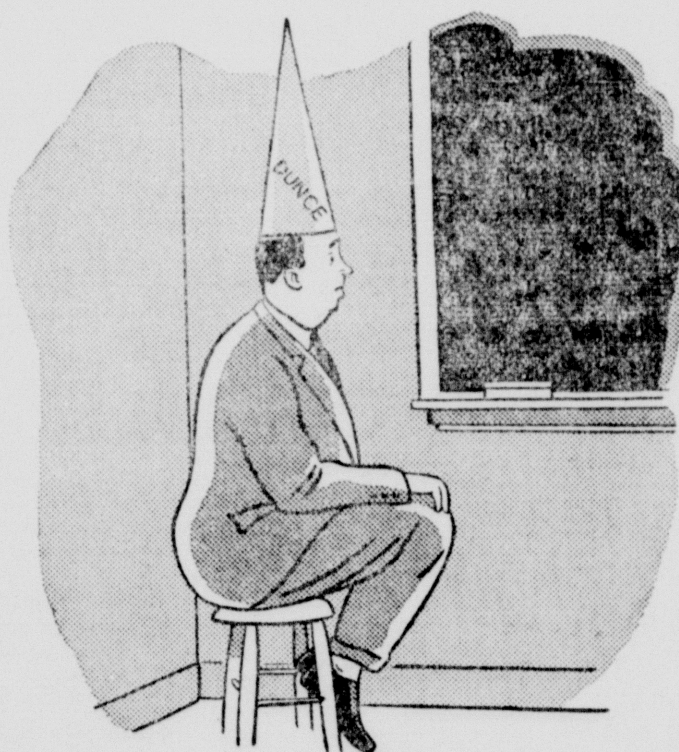

confidence and loyal support of the workmen throughout our plants.

## THE RECORD... Facts That Concern You

No. 25 of a Series

**EVERY  
SCHOOL  
AND  
EVERY  
BUSINESS  
HAS ONE  
OR TWO**

In a school full of bright, self-respecting students, there are very likely to be one or two completely lacking in good common sense. And that goes for business, too...particularly the beer retailing business.

Out of thousands of beer retailers who conduct respectable, law-abiding businesses, there may be a few "dunce" retailers who disobey the law or permit anti-social conditions.

These few unwanted retailers are a menace to the future of the beer industry...and also of the benefits beer has made possible. Right here in Texas, beer provides employment

for 31,165 persons, supports an annual payroll of \$22,076,182 and contributed \$2,273,968.64 last year in state taxes.

It is the brewers' responsibility to make good beer—the retailers' responsibility to sell beer in wholesome surroundings—and the legally constituted authorities' responsibility to enforce the laws. All of these, working together with the public, are needed to protect the future of beer.

You, too, can help the cause of moderation by (1) patronizing only reputable places where beer is sold; (2) and reporting any violation you may observe to the duly constituted authorities.

**BEER...a beverage of moderation**

## Recruiting Offices Here to be Closed Effective March 31

Sargeant Curtis Brasington who has been in charge of the recruiting office in Cameron for the past seven months has been ordered to report to Fort Sam Houston in San Antonio for duty.

Sargeant Brasington will be attached to the District Recruiting Office in San Antonio for the United States army for the present.

The recruiting station in Cameron is being closed, effective March 31.

All men who wish to enlist should do so at once while the recruiting office is still located in Cameron. The nearest station will be Temple or Austin after March 31st.

Sargeant Brasington has made a fine record with the recruiting office in Cameron and has sent more than 150 men to the army and to the air corps.

The people here will regret to know that he has been called to San Antonio and their best wishes will go with him. They will regret that he can not continue his work in Cameron.

Sgt. Brasington is a veteran regular army man and has a very distinguished record. With the present training program he is destined to play a large part in shaping the United States army.

## Scouts Trained to Aid in Disasters In Central Texas

The Heart of Texas Council of Boy Scouts held a training school for Scout Masters, assistant Scout Masters and Councilors at the Boy Scout camp three miles south of Belton on Saturday night.

The purpose of the meeting was to organize emergency troops of Boy Scouts over 15 to aid in case of calamities or disasters in conjunction with the American Red Cross. The older boys who are expert at first aid will set up first aid stations over this section.

Representatives from several counties attended and W. A. Morrison, Lester Williams and Bert Nicholson were present from Cameron. The men reported a very enjoyable time.

### LARGEST TURNIPS SEEN RAISED BY JACK HENDERSON

The world's champion turnips, so far as this journal knows, are on display at the grocery store of Esslinger and Killen.

They were produced by Jack Henderson at his home in Cameron.

One of the turnips weighed 6 pounds and 4 ounces and the other weighed 7 pounds and 2 ounces.

They are the purple variety and Mr. Henderson says that the entire space planted has large turnips but none quite the size of these on exhibition.

Mr. Esslinger requested the turnips. He said it would advertise his seed business.
